It is with great pleasure that I write this letter of recommendation for **Mr. Sayan Bhattacharyya**. I have known Sayan Bhattacharya for two months as he worked under me in the role of Web Development Intern at **Cantilever Labs Private Limited**.

Sayan has shown excellent skills of team management and leadership. He is an outstanding performer. During his tenure he was responsible for a number of duties which included, **Website design, Functionalities in React Js, Handling Errors and Warnings in website front-end, New Step Form UI, IIT Bombay Project, Capgemini Page and Jivo Chat**.
